

Join the Washington Metropolitan Cranial Group Mastermind Program

The Washington Metropolitan Cranial Group (WMCG) was established in the early 1990s as a forum to offer networking and share advice among like-minded healthcare practitioners and body workers from around the world. This group was founded by Ron Murray PT, DIM, and members are provided access to this pioneer in biological medicine, and master in several disciplines. Dr. Murray is recognized internationally for his work in biological medicine and for developing the Colloid Fluid Model.

Membership benefits:

- ✓ **NEW! Private Facebook page**
Help grow your business and help your patients! This private a members-only Facebook page. This amazing forum allows members to ask questions, receive support and brainstorm ideas from fellow members and Dr. Murray. It's also a great place to show off successes among people who understand!

Monthly calls with Dr. Murray featuring an open Q&A session for real-time discussion about your questions, challenges and more. You'll learn so much from the questions that other WMCG members ask and the insight that Dr. Murray shares directly with each participant.
- ✓ **NEW! Quarterly In-Depth Training Calls**
These calls cover a variety of questions that practitioners often have about their business, whether they are part of a larger practice or sole proprietors. Guest speakers are often featured. Topics are announced in advance.
